

STUDENT ASSIGNMENT SUBMISSION CONFIRMATIONS

When students submit assignments successfully, the Review Submission History page appears with information about their submitted assignments and a success message with a confirmation number. Students can copy and save this number as proof of their submissions and evidence for academic disputes. For assignments with multiple attempts, students receive a different number for each submission.

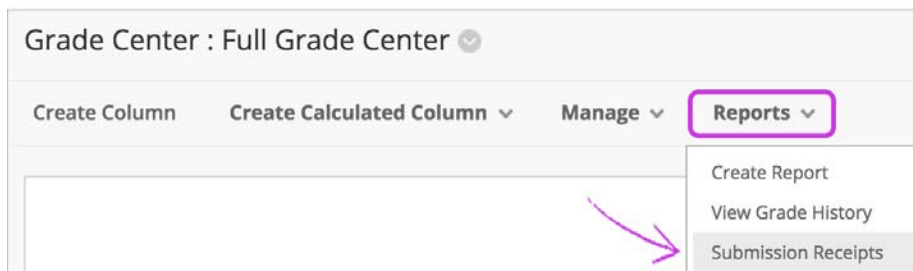

Success! Your submission appears on this page. The submission confirmation number is 3c78-434b-9da8-43325f52. Copy and save this number as proof of your submission.

You and WTClass administrators have a retrievable record in the system even if an attempt, assignment, or student is later deleted from the course. These records are maintained in the course and also retrievable after the archive and restore process.

You can access all of your students' confirmation numbers from the Grade Center. Access the **Reports** menu and select **Submission Receipts**.

The screenshot shows the Grade Center interface. At the top, it says "Grade Center : Full Grade Center". Below this are several menu items: "Create Column", "Create Calculated Column v", "Manage v", and "Reports v". The "Reports v" menu is highlighted with a purple box. A purple arrow points to the "Submission Receipts" option in the dropdown menu.

On the **Submission Receipts** page, you can view information for each assignment, such as who submitted and when. Group assignments are also logged and the Submitter column lists who

submitted for the group. In the Submission column, view if a student submitted a file or wrote the submission in the assignment's editor.
