

CONTENT NOT APPEARING/DISPLAY ISSUES

Some course content in WTClass may not appear if you have not selected to view the content. Use one of the following methods to allow the content to appear:

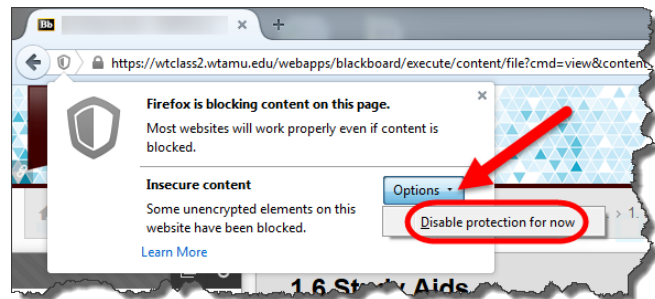

Internet Explorer 9, 10, 11 - If you see a prompt appear at the bottom of the screen (as seen below), you will need to click "Show all content" to be able to view the content.

Firefox version 23 - 38 – If you see a "shield" next to the web address, select to "Disable Protection on This Page"

Firefox version 39 (or higher) – If you see a "shield" next to the web address, select to "Disable Protection on This Page"

Chrome – Chrome is currently **NOT** a supported browser. Please use a different browser.

If you are unable to see these security warning, please close ALL of your open browser windows and try again.
