

WTCLASS TABS

WTClass has several tabs across the top to display different information.

My WTClass:

Displays important information pertaining to WTClass including: scheduled system downtime, announcements, courses, and organizations.

Community Groups:

Displays information related to Organizations/Community Groups in which you are on the roster.

Content Collection:

Gives you access to the Content Collection, including areas such as institutional resources, personal content collection, and course content.

(Students currently do not have access to the Content Collection and will not see this tab.)

Resources:

Provides easy access to many common WT areas students may need to be able to locate such as Disability Services or the Library.

Help:

Easy to locate help information over WTClass. Resources include help documents for students, help documents for instructors (students do not see the Blackboard Instructor Help module), and ways to get help.
