

## ADD THE EXAMITY COURSE MODULE TO YOUR COURSE HOME PAGE

---

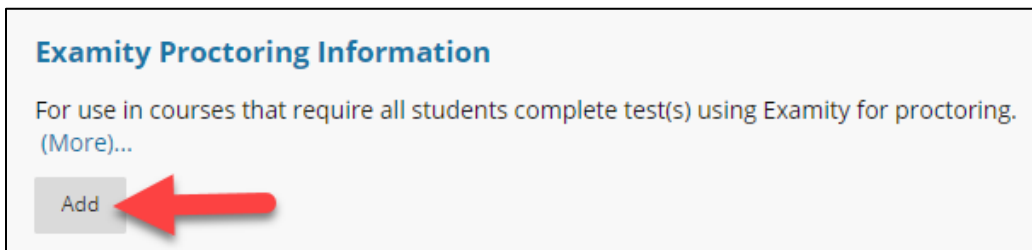

It is also recommended that you add the Examiity Course Module to your course Home Page when using Examiity. This adds a visual notification that students can see upon entering the course so they can prepare.

To add the Examiity to your course Home Page:

- A) Access your course Home Page and select the **Add Course Module** button.

- B) Locate the **Examiity Proctoring Information** module from the list.  
C) Click the **Add** button below the module name.

- D) Click **OK** at the bottom of the page, or return to the **Home Page**.
