

## GLOBAL NAVIGATION

---

Global Navigations provides you with quick and easy access to critical and timely information regarding your institution, courses, and fellow classmates. From the Global Navigations, you can view how you are doing in each of the courses you are enrolled in, view grades, be reminded of assignments that are due, and much more.

The Global navigation menu is always available in the upper right hand corner of WTClass. Click the arrow next to your name to see the menu.

**Bb Home:** Gives you an overview of the items that are due and recently graded. Move your mouse pointer over View to reveal your grade. Bb Home displays the five most recent activities relevant to you.

**Posts:** Displays the posts made in the last seven days in the courses and organizations you are enrolled. For example, you can see when a classmate submits a blog post in your course.

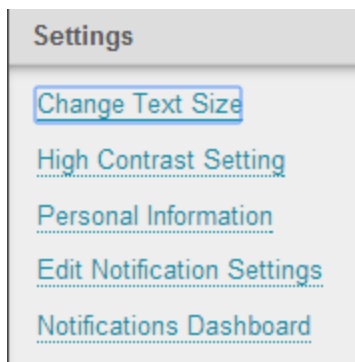

**Updates:** Review a list of notifications alerting you to important events and information. For example, you can see when an assignment has been graded.

**Retention Center:** The Retention Center provides an easy way for you to discover which students in your course are at risk based on preconfigured rules and rules you create. From the Retention Center, you can

communicate with struggling students and help them take immediate action for improvement.

**Calendar:** Review everything you have due and be reminded of when you need to complete it.

**My Grades:** View your grades for each assignment, test, or activity in all of your courses. Sort the grades by date or course. (Only available if you are listed as a student for a course or organization.)

**Settings:** Allows you to control some aspects of how WTClass is displayed and used.
